9, sec. 9, Penal Code, empt of Court, 1855 Number of Persons Prosecuted, Number of Persons Convicted, Number of persons Acquitted, 1,061 Total amount of fines imposed is as follows, viz: 1855, 87,216 50; 1856, 87,999 87; 1857, 88, 81 75; collected only \$128 12.

KAUAI AND NIIHAU .- The report of W. H. R'ce. Esq., District Attorney for the Fourth Judicial Dis-trict, is in some respects gratifying. He says in his report for 1856 : "The number of cases in all the courts is considerably less for 1856 than for 1855, which leads me to

believe that there is a decided diminution of crime in this district. From my own observation and from conversation with men of intelligence and experience. I believe that industry is becoming there general among our native population, which of itself has a strong tendency to diminish crime." And in his report for 1857 he says : "I beg here to add the testimony of our much res-

pected local Circuit Judge, that the convictions for perjury at the last Circuit Centrare producing a ome effect in repressing this serious crime." He also adds: "It is pleasure for me to state also, as the result of my observation, that in the main, the duties of our District Justices are promptly and efficiently performed."

CONVICTIONS ON MACAI AND NURAU, FOR 1855, 1856 AND 1857. Offensez. 1856. 1857. tyanuit with Intent to kill. Aiding and Abetting Larceny; Past Riding, Malicious Injury. creting Property.

OAHU .- The returns of conviction on the Island of Oahu are in some respects very gratifying. I allude especially to the diminution in the number of cases of drunkenness, adultery and fornication. Mr. d. Police Justice of Honolulu, says in his re-

" It gives me pleasure to be able to state that the record of this Court shows a very considerable decrease in the number both of trials and convictions from that of the preceding year. Although the num ber of cases is still very great, and intemperance "stalks through the land," it is encouraging to find that its onward course has been checked.

is a saddening sight to see day after day new faces brought before the Court, with the marks of intoxication fresh upon them, and to know that the somt which has done the work is composed of ingredients the continued use of which must inevitably lead to paralysis and death. Four-fifths of the twenty-two hundred convictions for the year 1856, may be traced directly to the in-fluence of infoxicating substances

During the latter part of the past year the Prefect of Police has been actively engaged in the suppression of the sale of beer. His exertions have to a certain extent been successful, but so profitable is this traffic | that it is difficult to meet the ingenuity of those who hereby make their gain.

The course pursued by the Department of the Interior in refusing to grant licences has had its effect by removing a cover beneath which dealers in these stances were accustomed to shelter themselves. I am hopeful that by persuing the same policy the present year will show a decrease from the past, and the oming from the present. This, however, above all others, is an evil to successfully meet which demands constant and untiring vigilance. If the course adopted by the Prefect of Police is persevered in and his measures pushed forward with vigor, I know no better means of prevention."

His views have proved correct, and hence a diminu-tion in drunkenness in each succeding year. The same means, which are now continued, have the same good results. A. B. Bates, Esq., District Attorney, in his report

for 1856, presents some important views, and to which in his report for 1857 he calls my attention

again He says : "The large number of constables that are appointed for the convenience of the public out of Hopolalu, I am inclined to think are, in the discharge of what they assume to be their duties, becoming a class of petty plunderers, and doing much more mischief than good. The system of allowing one half of the penalties imposed to be paid to the informer, induces the country constables, who receive no other compensation for their services, to become wrong has been or is to be committed, and they pounce upon any one who is able to pay, often regardless whether there is proof that would justify viction. I would recommend that there should not be more than two or three constables appointed to attend upon the several justices out of Honolulu, and that they should be paid fees for the actual services the perform, in accordance with a fixed rule. I feel assured such a system would secure equal faithfulness of the officer and prevent many com-

plaints that should not be made.

Having so often expressed my views in former reports on the system of imposing pecuniary penalties for the correction of morals, and the necessity of an amendment of the statutes regulating appeals, without receiving the approval of the Legislature, I only refer to what I have before mid as expressing my opinions, which are becoming more fixed by my experience."

He further adds: "In the Courts of Record thiry-

He further adds: "In the Courts of Record thiryone persons have been convicted on trial, ten dischrged after a verdict in their favor of Not Guilty."
and fourteen dismissed upon the motion of the District
Attorney, on the ground that there was not evidence
that could be produced to convict them or that public
policy did not demand their trial.

During the past year there has been one person
tried and convicted of murder in the first degree, who
has suffered the penalty of death—the only case
that has occured on the islands since I have discharged the dation of a proscuting officer which is now
almost nine years.

It will be observed by the schedules attached that
offenses of a more beinous character are but seldem
committed, and almost entirely by foreigners, who in

justice it should be recorded have become offenders strong drink.

strong drink.

The number of persons arraigned before all the Justices, as appears by their reports, amount to 8,286; of whom 2,492 were convicted and 840 dismissed. One of the Justices neglects to state the number of persons arraigned and subsequently dismissed by him, but as only 31 were convicted, it is presumed the number dismissed were but few.

The offenses for which they were arraigned is stated in the annexed schedules."

"In his report for 1857 he says:

The number of persons arraigned be tree all the justices, as appears by their reports, amount to 3,061; of whom 2,791 were convicted. For what offenses they were arrested appears also in the several sche-

they were arrested appears also in the several sche-

In the Courts of Record of the island 21 persons have been convicted on trial, 18 discharged after a verdict in their favor of "Not Guilty," and 10 dismissed upon the motion of the District Attorney for want of evidence to be obtained to secure a conviction, or public policy did not demand their trial, with the consent of the Court.

The whole number of applications for divorces and separations for the years 1856 and 1857, are as fol-

Separated. Total applications,

Showing an increase in the latter year over the former, and a slight increase in the number granted, but a decrease in applications in the year 1856 as compared with 1855, which shows :

The number of divorces exhibits a lamentable defect

Legislature will be able to devise some improvements spies upon their neighbors and over zealous in of course were very important to the parties. The their efforts to secure convictions. They are told business is so connected with foreigners, and increasing in trade and commerce, that an increase of cases

in donestic fidelity I trust that the wisdom of the

of a very important and interesting character is in-The jurisdiction of the court is extended by courtesy to foreigners, when it is important to the parties that the matter of difference should be settled at once. Respectfully submitted. (Signed,) ELISHA H. ALLEN.

More of Dickens' Household Troubles .- A New York correspondent of the Boston Atlas and Bee says! "The scandalous reports about Dickens and his family have excited much attention here; but the manly card of Mr. Dickens, published in *Household Words*, relieves him from the imputation of infidelity. I was yesterday conversing with a gentleman well acquainted with the Dickens family, and he attributes the difference between the novelist and wife to diverse views they take in regard to the religious education of their daughters. Mr. Dickens is a decided latituof their daughters. Mr. Dickens is a decided latitudinarian in his views, and generally attends the Unitarian Church; while Mrs. Dickens, an Edinburgh lady, brought up in the stricter doctrines of Presbyterianism, still clings to the religious ideas inculcated in her youth, and naturally wishes her daughters brought up in the same way. The fact of the daughters siding with the father merely shows that, like most young people, they approve of those doctrines that offer more freedom, and are generally more attractive, in appearance at least."

It is hinted that the character of Mrs. Clenam, in Little Dorrit, may have been intended to reprove some of the ausferities which have annoyed the novelist in his wife.

To the Owners, and Persons interested in Whaleships in the Pacific Ocean. OFFICE OF THE PANAMA RAIL-ROAD COMPANY, ?

The Panama Rail-Road Company takes this method of informing those interested in the Whaling business, of the advantages offered by the Railroad arress the Isthmus of Panama, for the shipment of Oil from the Pacific to the United States, and for sending outfits and supplies from the United States to Panama.

The Railroad has been in regular and successful operation for more than two years, and its capacity for the transportation of every description of merchandise, including Oil, Provisions, &c., thas been fully tested. The attention of several Captains of Has been fully tested. The attention of several Captains of whaleships has recently been turned to the subject of shipping their oil from Panama to New York during the present season, and the Panama Rail-Road Company has made arrangement to afford every facility which may be required for the accomplishment of this important object. A Pier, 450 feet long, has been built in the bay of Panama, to the end of which Freight Cars are run to receive cargoes from lighters or vessels lying alongside, and deliver the same alongside of vessels at Aspinwall. Vessels of from 200 to 300 tons can lie at the Pier with safety, grounding in the mud at low water.

The vessels to and from Aspinwall are fast-sailing brigs, be longing to the Rail-Road Company, and the Company is prepared to receive oil at Panama and deliver it in New York, under through Bills of Lading at the rate of seven cents per gallon, if received at the Pier, and eight ce is per gallon if received in the harbor from ship's tackies, charging for the capacity of the casks, without allowing for wantage. For

lon if received in the harbor from ship's tackies, charging for the capacity of the cashs, without allowing for wantage. For whalebone, one and one-half cents per pound. This charge covers every expense from Panama to New York, in case the oil is sent through the Superintendent or Commercial Agent of the Panama Rail-Road Company, insurance excepted. The freights may be made hyable on the Isthmus or in New York at the option of the shipper.

The vessels of the Company sail regularly semi-monthly, and the average passages to and from Aspinwall are about twenty to twenty-five days. The time occupied in crossing the Ishmus is

four hours. Oil, during its transit across the Isthmus, will be covered with canvas, or conveyed in covered cars, and owners may be assured that every care will be taken to prevent leakage. Several cargoes have already been conveyed to New York without the slightest toss.

Oil or other goods consigned for transportation to the Superintendent of the Panama Rail-Road Company, or to Williams

Nelson, Commercial Agent of the Company at Panama, will
be received and forwarded with the greatest despatch.

Typerfection L. Hanks has been appointed Agent at Hono

line Secretary Linears and the greatest despatch and the secretary requisites. lulu, Sandwich Islands, and is prepared to furnish every requisite

CAPT. ROBERT BROWN'S WHALING GUN. PATENT BOMB LANCES AND GUN HARPOONS. A PTEK SEVERAL YEARS-LABOR AND experimenting upon whales, on the whaling ground, with his apparatus, combined with the advantages of being a practical whaleman, the Patentee has been enabled to obtain an instrument in form of a Bomb Lance, which for utility and effective-

ness cannot be excelled.

The attention of Agents and Officers of whale-ships is called SAN PRANCISCO, January 10, 1856.

CAPT. R. BROWN—Sir. I take this opportunity to inform you that we used those Bomb Lances we bought of you, and found them to be of great selected in capturing whales amongst the ice.

The first what that we used the Bomb Lance on was killed in the following manner — The beat went alongside of the whate and the beat-steerer fired a Bomb into him and then fastened to him with a gig iron: the Bomb was heard to explode, and the e did not blow after the Bomb exploded. The above-men tioned whale was in the ice, and it is our opinion that we should not have got that whale and many others that we did get, if it had not been for your Bomb Lances, and we fully recommend them to the attention of those fitting out whale ships.

Respectfully yours,

THOMAS WALL, Master bark George.

HONOLCLE, March 17, 1856. CAPT. ROBERT BROWS-My dear Sir : I used your Bomb Lances in taking a whale, north, the past season, which made 250 bbls. of oil. We never could have taken him without said Lances, as our boats could not get near enough to use the com

mon hand lance.
Yours Respectfully,
G. L. Cox, Master whale-ship Magnolia.
Hoxolvill, March 15, 1856. CAPT. ROBERT BROWN-Dear Sir : I take this opportunity CAPT. ROTHER BROWN—Dear Sir! I take this opportunity to inform you that I used your Bombs on the voyage in the ship Herald, and found then effective in taking whales, and would recommend them to all whalemen, and especially around the icc. I also used the harpoon and got most of the whales by your Guns and apparatus.

Yours Respectfully,

ISAAC ALLEN, Master ship Herald. Other testimonials can be seen by calling on the undersigned, Agents, who have the Guns, Bomb Lances and Harpoons for R. COADY & CO., Honolulu.

TO CAPTAINS OF WHALESHIPS AND OTHER VES-SELS.—Wood of superior quality can be had at Koloa at b per cord; fresh beef at 4 cents per fb; sheep, at \$3 per head, id geats at \$1 50 head. Also at the port of Hanalei, wood and

beef can be had at the same rate. The Harbor of Hanalei is on the North West side of the island, and has saf- and good an chorage in from 6 to 10 fathems of water. Wood and beef may also be had at Nawiliwili at the same rate as above. Also fruits and vegetables of various kinds can be procured at all the above Ir Wood always on hand at the beach in quantities to suit urchasers. (64-tf) GEORGE CHARMAN.

To ! halemen! G. W. MACY would respectfully solicit the same pa trouge heretof re enjoyed by the old firm of Macy & Law, at the established Pepot for Whalemen's Supplies, at Ka-walhae. Hawaii, where will be found at all times a good supply of Beef. Mutton. Pork. Poultry, and also the ce brated KAWAIHAE POTATOES. The above articles can be furnished at the lowest rates, and in sucker time than at any other port at the islands. All beef sold by me will be warranted 'o keep in any climate.

17. No charge made on inter-island exchange.

72-tf G. W. MACY.

DEPOSIT VAULT. TO SEAMEN AND STR. NGERS.

THE Undersigned is prepared to receive moneys, or valua
ble articles of smail bulk, on deposit in his vault in the Post
Office Ruilding. (formerly occupied by the Hawaiian Government
as the Treasury.) These vaults are considered freeproof, and are
safer than any other in Honolulu. Strangers visiting the Islands,
and seamen or officers going to sea, and wishing to deposit coin,
valuable papers, or other articles, during their absence, will find
this deposit an accommodation to them. When sums of money
are left for a term of twelve months, or longer, they can be invested or not, at the option of the depositor, and interest on the
denosit occured. A receipt will be given for all sums or valua
bles deposited.
